

SUMMER PROGRAM REGISTRATION DEADLINES

FOR JUNIORS

MARCH 15

César E. Chávez Leadership Institute at ASU

The César E. Chávez Leadership Institute seeks to improve access to higher education by providing, at no cost to students, a variety of enriching experiences emphasizing leadership development and civic engagement, while advocating for the completion of high school, attending college and educational opportunities at ASU

MARCH 20

Quest Bridge's College Prep Scholars Program

The College Prep Scholars Program equips high-achieving high school juniors from low-income backgrounds with the knowledge, confidence, and resources to apply to top colleges. Students must meet Academic Achievement, Financial Qualifications, and Personal Circumstances to apply.

MARCH 31

Artificial Intelligence of ALL (AI4ALL) at ASU

AI4ALL is a program promoting greater diversity and inclusion in the field of Artificial Intelligence.

During the 3-week program, participants will explore the field of AI through projects creation, industry field trips, and presentations from guest speakers.

APRIL 10TH

American Legion Auxiliary Boy's State

Arizona Boys State, sponsored by The American Legion, is a citizenship training program designed to provide a working knowledge of our governmental process. The American Legion believes that individual students are thusly better prepared to assume the responsibilities of citizenship.

MAY-JULY

Summer Engineering Academy at UA

The UA College of Engineering has done outreach through the Summer Engineering Academy for more than 30 years. SEA offers week long, overnight camps for high school students, including graduated seniors, who want to learn more about engineering – and get a taste of life as a Wildcat!

1ST COME 1ST SERVE BASIS

Forensics at ASU

Throughout the week, you'll learn the basic principles of different forensic science disciplines in a dual lecture and laboratory or field setting, and explore the science and techniques behind the identification of crime evidence as it is performed in real crime cases.

SUMMER PROGRAM DEADLINES

FOR JUNIORS

1ST COME 1ST SERVE BASIS

Health Ninja Warriors at ASU

Over the course of the week you will obtain skills necessary to tackle today's health problems by learning strategies of disease prevention for optimal physical and mental health. You'll learn to overcome specific health challenges with experts in nutrition, physical activity, mindful meditation, community health, and much more.

1ST COME 1ST SERVE BASIS

Young Global Entrepreneurs at ASU

Thunderbird For Youth Summer Discovery Camp is the perfect place to learn Global Entrepreneurship and Business Concepts from the team of the #1 School of Management*.

You will implement & practice everything from Global Marketing, Negotiations, Understanding Cross-Cultural Communications to Oral Presentation Skills and Team Collaboration!

1ST COME 1ST SERVE BASIS

Board Game Maker at ASU

Students will explore the fundamentals of game design, through the creation of non-digital games in our Maker Lab. Through this process students will spend their time developing collaborative skills and discovering some common elements that are in most games from board games to video games.

1ST COME 1ST SERVE BASIS

Design Your Life through Business at ASU

The Business Summer Up Program is your chance to discover what a top business school has to offer in a highly interactive environment while meeting other high school students from all over the country also interested in sharing in this summer experience.

1ST COME 1ST SERVE BASIS

Coding Camp at ASU

Learn introductory curriculum of programming, coding and computer sciences. All campers will engage in computer programming and software development via a combination of hands-on projects, programming hackathons, game development, and real-world problem solving.

1ST COME 1ST SERVE BASIS

Black Widow Camp at ASU

Explore your Spidey senses as we examine the life of the black widow spider. YES, that's right! In our safe, controlled Black Widow Laboratory you will get up close and personal. We will use the behavior and ecology of these spiders to get a hands-on appreciation for the scientific method in action.
