30 YEAR ANNIVERSARY

Past - Present - Future

The Metropolitan Education Commission (MEC) was established in 1990 by the City of Tucson and Pima County to serve as a joint commission on education.

Our work is organized around the following goals:

Our Voice

To serve as education advocates and provide information on issues affecting the educational welfare of youth in Arizona, Pima County, and the City of Tucson.

Our Community

To collaborate with individuals and organizations to support all levels of education from preschool to post-secondary.

Our Future

To promote academic achievement and graduation from high school as the foundation necessary to pursue a variety of career and post-secondary education pathways.

Our Programs

To provide programs that promote youth leadership and civic engagement, youth workforce development, higher education pathways, and community recognition.

Our programs include the Youth Advisory Council, Key to Employment Symposium, Regional College Access Center, and the Crystal Apple Awards.
